

STOP 5G INTERNATIONAL PRESENTS...

# Linking Arms to Reclaim Our Future: **STOP 5G GLOBAL PROTEST DAY**

---

**SEPTEMBER 18 + 19, 2021**

**Organizing an event, gathering with others, creating and sharing videos and photos;** whatever the nature of your Stop 5G Global Protest Day event is, let's regenerate ourselves as we regenerate the planet!

"It's better to light a candle than to curse the darkness." — Eleanor Roosevelt

**We've reached a point in time where more and more people are longing for a world that respects all living beings, and where the needs of the planet take precedence over corporate profits.**

The focus of Stop 5G Global Protest Action will remain the 5G/satellite/data-harvesting/AI juggernaut, as 5G is the linchpin that connects and enables nearly all other issues related to environmental pollution, human rights violations, privacy, censorship, world hunger, war, etc. **A global grassroots movement for Mother Earth may be our only hope of reclaiming the future from the clutches of 5G.**

Details and more information will be posted on the Stop 5G International website!
